CHIEF EXECUTIVE OFFICER'S MESSAGE

Chief Executive Officer's Message

I have great pleasure in presenting this review of activities of Ideal Finance Limited for the financial year ended 31st March 2013. The year under review has seen IFL performing well as it is the first year of operations.

Commencement of Operations

IFL started operations in early April 2012 with a Capital base of LKR. 400 Million and 10 employees at its registered office in Colombo 02. During the first year of operations Company focused mainly on development of infrastructure, strengthening and forming policies, procedure & systems.

Outlook for the Year Ahead

Marketing & Operational Strategy

At present IFL's product portfolio is mainly comprised of Finance Leases, Hire Purchases & Micro Leases with the view of expanding it by adding Gold Loans & Real Estate thus diversifying the portfolio which would result in risk mitigation and maximizing Shareholder wealth. Lease & Hire Purchase can be broadly categorized to sub sectors based on the type of vehicle financed.

Gold Loans

Apart from lending, IFL has the view of diversifying its product portfolio to granting of Gold Loan facilities considering the higher profitability of the product. It is also a vastly popular borrowing method used specially by the SME sector, to meet their short term financial needs.

Real Estate

It's been observed that there has been a significant growth in Real Estate Market since the eradication of the civil conflict in 2009. This was fuelled by the massive infrastructure development projects undertaken by the government, increased interest of foreign investors, which has led to an improved living standard of the population. As per the latest research data, the Real Estate sector has recorded a stable growth rate of around 4.5% and the industry experts expect the same to increase further up to around 7.5% given the favorable interest rates and the increased foreign remittance to the country. IFL aims to enter this market with the view of buying lands in selected areas, developing them and selling.

Branch Network Expansion Strategy

IFL aims reach its customer base spread across the length & breadth of the country by expanding its branch & service center network. IFL will be enjoying the benefits of the strategic alliance IFL has built up with IML in expanding Company's branch network by accessing the IML's well-established branch & dealer network which comprised of 37 branch & dealer outlets .Expansion is further improved by

CHIEF EXECUTIVE OFFICER'S MESSAGE

opening up IFL branches which meet the selection criteria; regions with potential for growth. By the end of the F/Y 2013/14 IFL is aiming to open up branches in Anuradhapura, Jaffna, Kurunegala, Elpitiya, Bandarawela and Embilipitiya.

Human Resource Strategy

Shortage of talent and the intensive competition in the industry have put the people's issues at the top of my agenda since any competitive edge gained by the introduction of new processes or technology is temporary as all of this can be easily replicated. However to implement and drive it through, people must have the strong commitment & honesty towards the Company; finding people who possess those qualities is a challenging task and the ones who are available are relatively more expensive. IFL is a people oriented organization with strong perspective that people have good enough talent & competence to make the company a financial giant in the Sri Lankan financial industry.

Funding Strategy

IFL thrive to work toward the optimum funding mix which ensures required volume of funding to assist the lending strategy. To objective of maintaining the margin at a level of 6%, company has concentrated to raise the funds to meet the lending requirement through three main sources this comprise foreign borrowing, local borrowing and public deposits. In the current year IFL funding source solely comprised with the equity funding. This strong financial position and creditworthiness will assist IFL to diversify the funding mix through the above sources.

Acknowledgment

Our success is due to hard working, dedication and commitment of the senior management and all our employees and able guidance of the Board. I am also grateful to our customers, depositors and shareholders who continue to place their faith in us.
